**SHOT THE WRONG ROBIN.**—A gentleman residing in East Salem, who watches day by day, several of his cherry trees as the delicious fruit ripens, has been troubled considerable of late by robins who carry away a great many of the cherries. According to several days he has been using a shot gun to the great advantage. This morning, while killing some robins, several of the shot struck an aged neighbor. Since the shot was very fine and the gun was not heavily loaded, there was not much powder behind the shot, otherwise the result would have been more serious. However, one of the shots pierced the neighbor's flesh about one inch from the left eye. It was certainly a fortunate accident and the sportsman will no doubt take better aim next time.

**SCHOOL MEETING.**—A special meeting of the Salem school board was held this morning. The clerk was instructed to pay over to Ladd & Bush \$6,000 on note held against the district, leaving a balance of about the same amount. This sum, the total floating indebtedness of the district, will be reduced by other moneys and taxes yet to be received—making \$12,000 paid within the past week.

**RECEPTION TO MUSIC CLASS.**—At their home on South Commercial street, Thursday night, Mrs. H. B. Holland entertained the teachers' certificate class in music, which graduated on Wednesday last with such credit to their teachers, (Profs. Heritage and Winkler) and themselves.

The entire graduating class were present, each with an escort, and from 8 o'clock till 11:30 had it all their own way, or "words to that effect." Fine refreshments were served at 11 o'clock, after which games on the lawn, and in the parlors were renewed till just before the "break-up," when Mr. Scott Bozorth in a few well chosen remarks surprised Prof. Heritage by presenting him on the part of the class, with a beautiful enameled "Eks" badge. The professor responded "thankfully" as usual, and so touchingly indeed that the entire class will remember it as a very pleasing episode. At this point in the proceedings, all hands formed a circle and sang, "Auld Lang Syne," ending with three rousing (silent) cheers for the long life of Mr. and Mrs. Holland. **CASE OF SUNSTROKE.**—While cutting grass yesterday afternoon, James Pentland, of South Salem, was overcome by the oppressive heat and became unconscious, in which condition he remained for over an hour. The condition of Mr. Pentland was somewhat improved this morning. The heat yesterday was certainly very oppressive and that today almost equalled it. The feeble breeze yesterday appeared to come from an oven and only increased rather than diminished the heat's oppressiveness.

**A GRAND CLEAN UP.**—Last evening some of Salem's active fire boys took a big hose and "slashed out" John G. Joe Leveque, the practical baseballist, who has charge of the team, is well pleased with the work of the boys and has great confidence in them. Fred Ross, who will pitch for the team, will arrive in the city today or tomorrow and will at once commence practicing with the boys. With Ross and Miller, as battery, supported by such an excellent team, the "Leveques" have a good chance to win the silver cup and beautiful pennant. **Sure to Win.**—The people recognize and appreciate real merit. That is why Hood's Sarsaparilla has the largest sales in the world. Merit in medicine means the power to cure. Hood's Sarsaparilla cures—absolutely, permanently—cures. It is the One True Blood Purifier. Its superior merit is an established fact, and merit wins.

Hood's Pills are easy to take, easy to operate. Cure indigestion, headache.

The dealer who says, "I have no Hoe Cake soap," practically admits that he does not sell first quality goods. If he says he has something "just as good" you will know at once that he is trying to sell you an inferior article. There is more clothing destroyed by poor soap than by actual wear, as the free alkali rots the cloth. Hoe Cake contains neither free alkali nor worthless filling.

## PRINCIPALS' DEPARTMENT.

Of the Marion County Teachers' Institute.

A new feature of the Institute was organized yesterday under the direction of County School Superintendent J. S. Graham, who called the teachers in session and notified them that the election of officers was the first order of business.

Prof. J. O. Hall, principal of the Lincoln school, Salem, was elected permanent chairman and Miss Lizzie S. Cornelius, secretary.

Superintendent Graham fully explained his object in adding the new feature to the institute.

The subject for the morning was "To what extent is the principal responsible for the discipline in the other departments." City Superintendent Peebles opened the question with an able presentation of the topic. He spoke of the discipline of the heart being of vast importance. In speaking of power he added that it must be wisely administered to be successful.

E. T. Moores, being absent, his place was ably filled by Prof. J. H. Ackerman of Portland. He believed in the teachers first taking a local matter in hand. Many good illustrations were given by him. Difficult matters

which had really occurred were brought before the institute and the manner of their adjustment fully explained.

The next speaker, not being in attendance, Miss Lizzie Cornelius spoke on the subject. The substance of her remarks was to the effect that discipline is a thing never to be overlooked; loyalty is a grand thing.

Chairman Hall then declared the discussion general and it was participated in by Profs. A. W. Prescott, E. H. Anderson and others.
